

Thank you for your contact today.

Attached is information for you regarding arts psychology. If you would like to read further about what an art psychologist tutor does and the difference between art therapy – click on the link in the email or open our ‘Art Psychology training’ form – this is in depth information what tutors will be having to go through with training and what they facilitate.

If you do decide to bring your child to the sessions - the following options are available:

Attend ‘Art classes’ which is 1hr and a half - £15 per class including all materials – Payable month in advance. (Usually £60 for 4 weeks)
Reports would need to be purchased on top of this which is £40 per report (£10)

The first initial assessment includes: Total: (£100)

4x ‘Art tutored classes’ (1.5hr) includes all materials (£60)
4x reports per class based on the assessments (6-8 pages) £40
1x up to 2hr consultation privately after the 4 assessments.
Consultation includes: feedback on the assessments, support theory and techniques to introduce into your current routine. Support in routine in your personal home.

Thereafter it would only be the art class fee monthly. (This is optional after our consultation you can decide to carry on with the regular art classes for as long as you wish)

The art class is like a regular ‘gym’ session for your child to ensure they are balancing their emotions. (You can decide how long you would like them to stay)

A report is put together for you to know what needs to be addressed and what has surfaced. We will meet up to discuss the report. You can choose thereafter how many reports you would like. (Generally the initial 4 is all you need provided you put in the changes with your child)

Everything is a process which is explained and will take time, but not the normal time of ‘therapy’ I have seen huge turnaround from 4 sessions. The extra classes are to keep up the work that has been put in place – hence not always needing extra reports.

Second option:

Attend ‘Art classes’ which is 1hr - £35 per class including all materials – Payable month in advance. (Usually £140 for 4 weeks)
Reports would need to be purchased on top of this which is £40 per report (£10)

The first initial assessment includes: Total: (£180)

4x ‘Art tutored classes’ (1hr) includes all materials (£140)
4x reports per class based on the assessments (6-8 pages) £40
1x up to 2hr consultation privately after the 4 assessments.
Consultation includes: feedback on the assessments, support theory and techniques

to introduce into your current routine. Support in routine in your personal home.

One to one sessions - (4x 1hr to include materials) with report. (£100)

We would meet up to discuss the report but extra support for parents is again suggested towards the online parent program

Once this is complete, you can:

- Decide if you wish to carry on with one to one classes (£140 - £35 per class)
- Ask your child to join the regular art classes (£60 - £15 per class)

Please be aware the prices above are based on 4 weeks. You are asked to pay for the month in advance, so if there are 3 weeks or 5 weeks we ask you to pay the amount you attend.

Missed classes: Are not refunded due to limit in space, bookings and waiting lists. You are given the opportunity to make up your missed class, but when there is a space available on a different day/class.

If you could please fill in the Art psychology child booking form attached to the email: '**Art psychology child booking form**'
